Room for AARP

Spierings to donate senior center wing

Mr. and Mrs. Clarence Spiering, long time Antioch residents, have volunteered to pay the cost of 1,000 square feet addition to the north side of the Antioch Senior Center.

According to Mayor Ray Toft, he and the Spierings have had this in the works since right after April's election.

There has been much criticism of the capacity of the present center which now comfortably seats 135 people. Almost 160 people can be crowded into the present senior facilities.

With the addition, 235 people will be comfortably seated.

Recently the American Association of Retired Persons (AARP), whose local meetings draw over 200 seniors, moved to the VFW headquarters at the Antioch Action Center on North Ave. because its meetings in the senior center were too crowded.

"Now AARP can return to the center that was meant to house all the meetings of the senior clubs in the area," says Mayor Toft.

Bids for the construction of the addition will be opened at the next regular meeting of the Antioch Village Board on Monday, Oct. 19.

"Work will commence immediately after the bid is awarded and we hope to have the project completed by spring," adds Toft.

There is a possibility, "cost allowing," says Toft, that a folding partition might be put into the addition so that the meeting room could be separated into two smaller ones.

Fire Dept. says stress fire safety first

The Fire Prevention Bureau and the members of the Antioch Fire Dept. will be conducting fire drills and giving talks to various groups in the village and the Antioch Fire District during the month of October.

Many children under age

14 are seriously injured, maimed, disfigured, or killed by preventable fires which happen every day. During this special time of the year we should center our thoughts on fire prevention.

"Fire safety rules for

youngsters need to be taught," advises Asst. Chief Jim Quedenfeld of the Antioch Fire Dept.

"The rules for fire safety must be discussed with children at the earliest age, and everyone needs to set good examples for others to follow. Children learn by example," he said.

The first fire prevention rule for children to remember is to never play with fire, especially matches, lighted candles, bonfires, trashfires, campfires, or other heating

or cooking fires. "None of these are ever toys for girls and boys," Asst. Chief Jim Quedenfeld warns.

This year, as a vehicle to help youngsters understand fire safety, the Antioch Fire Prevention Bureau, with the generous help of several business people in Antioch, has purchased Fire Safety booklets for the children in K-5th grades at the schools in the village and district.

The teacher will give each child a booklet and devote some classroom time for

discussing these booklets during fire prevention week. Also, the Antioch McDonald's restaurant will give each child a hazard hunt sheet that if they fill it out and the teacher sign it they will be able to receive a free hamburger. The fire prevention bureau will also visit local industries and give fire safety tips to them.

The Antioch Fire Prevention Bureau hopes that everyone will promote fire prevention and fire safety every day of the year.

The bureau suggests that everyone have smoke detectors installed in their homes; they have been proven to save many lives by alerting the occupants of a fire.

The Antioch Fire Prevention Bureau also extends an invitation to any group or person who would like have a tour of the fire safety building. Also, any group wishing a fire prevention presentation may call the Antioch Fire Dept. at (312) 395-8585 or Asst. Chief Jim Quedenfeld at (312) 395-1355.

When I think about it If everyone's broke why all the spenditus?

by GLORIA DAVIS

As usual, my mind is in a state of confusion brought on by all we've been reading about the sad state of our economy. The media reports have been full of high unemployment, the high rate of bankruptcies, businesses buckling and all that good stuff!

All one hears is "don't spend money unless it's a necessity because the average man on the street is short of money", or "Mr. and Mrs. Front Porch U.S.A. are nearly broke."

Yet everywhere I go people seem to be spending money like there's no tomorrow.

The shelves and freezer departments of the local supermarkets don't reflect a busted economy since they are stacked with high priced convenient foods that must be selling or they wouldn't be stocked so plentifully.

I hardly think that crab stuffed crepes fall into the basic food staple category.

Someone must be buying those \$5 a pound beef tenderloins and I haven't bumped into one of the Hunt brothers or a Rockefeller in the check-out line lately.

Gigantic shopping centers are opening up all over the place and I just can't believe that those crowds of people that are jamming the malls on weekends are still clones belonging to the retailers.

It now costs an arm and both legs to dine at a fine restaurant, yet try and get into one of them without reservations on a Friday or Saturday night.

My daughter is a waitress at a "working man's" restaurant and make more money per week in tips than most new college graduates.

So people seem not only to be able to afford to eat out but they still can afford the luxury of leaving a generous gratuity.

We went to see a play last weekend and not only did the cast play to a full house at \$25 per seat but just about everyone there was clad in the latest of fashion and most of the gals were sporting the newest of hair-styles.

Have you seen the unbelievable price tags dangling from the sleeves that pack the retail clothing racks?

Don't rush to your friendly optometrist like I did, you probably don't need a change of glasses, but for safety's sake please have an electrocardiogram taken before you go hunting for any wardrobe additions.

Since the cut is the base of the new carefree hairstyles, the few stylists that are capable of giving a good cut can demand from \$18 on up.

Lee Ioccha and Henry Ford my not have been smiling at their accountants lately but in checking a two block long curb at a local shopping area. I found four pre-1979 cars parked there.

They say that a recession is when your neighbor is out of a job and a depression is when you're out of one.

Well what is it when you both are still employed? If unemployment is at eight percent, that means that 92 percent of the workable population is employed.

Sure there are people in trouble but haven't there always been?

The average American still has more than ever before in history. Secretaries are still vacationing in the Bahamas and U.S. tourists are crowding the beaches at Waikiki.

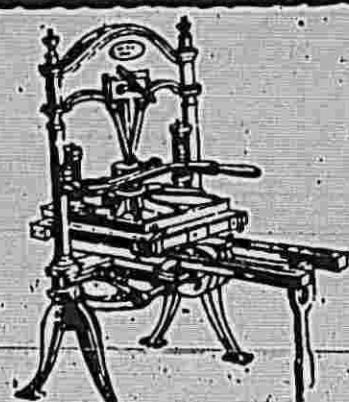

Maybe some of the numbers have changed but fluctuation is normal.

Getting a clear view of the overall financial picture is difficult when one picks up a newspaper that runs an article on the shaky state of the stock market and the dire condition of the building industry along side of a picture of Ford and the new \$21,000, 1982 Lincoln Continental which he expects to be in great demand.

You've all read about the recent rush to the financial institutions to purchase the new all savers certificate, which means that people have "non-eatin'" money to invest.

Well I guess I'm going to stop worrying about it and just take it a day at a time and go on buying things I need without upsetting myself by looking at the price tags.

After all, we've all heard the money versus happiness adages. I have a friend who has \$3 million and he isn't any happier than another pal of mine that only has \$2 million.

Sequoits smash Rams, in strong 32-14 win

The Antioch Sequoit varsity football team topped the Grayslake Rams 32-14 at Grayslake, on Saturday, Oct. 10.

The Sequoits were behind until two minutes to go to half time with the Rams going on the scoreboard with six points in the first quarter.

With 1:41 to go in the second quarter, Dave Walsh intercepted a pass to take the ball 55 yards for Antioch's first score. The conversion kick was no good.

Then Jeff Kemper

recovered the kick-off on the Grayslake 16 yd. line. On the next play Scott Poulter completed a pass to Tom Higgins who took the ball 16 yds. for a touchdown.

The kick was no good, making the half-time score 12-6, Antioch's favor.

On the first play in the third quarter, Mike Kollinski ran for a 57 yd. touchdown. Again the conversion try failed and Antioch had 18 points on the board.

Later in the third quarter, Craig Sheedlo intercepted a pass on the Rams' 16 yard line and Matt Stevens made the score. This time Derek

Olsen's kick added another point.

With 36 seconds left in the third quarter, a 10 yard run by Stevens and another successful kick by Olsen put Antioch's last score on the board.

With 4:13 left in the fourth, the Rams came back to score their second touchdown on a one yard run.

Next week, the Sequoits will face the Stevenson Patriots for Antioch's

homecoming game on Saturday, Oct. 17.

Coach Steve Wapon says, "The Patriots are hard hitters and have a spirited good football team."

He adds, "They play a solid defense and have the poten-

tial to throw the ball."

Stevenson has a 1-2 conference record and a 1-4 record overall, while the Sequoits have a 3-0 record in the Northwest Suburban Conference and a 4-11 overall record.

Doctors attend seminar

Antioch Podiatrists Dr. Charles M. Solar and Dr. John R. Schwab attended a four day medical seminar sponsored by the Illinois Podiatry Society at the Playboy Convention Center, Lake Geneva, Wis.

The sessions drew more than 250 podiatric physicians, their assistants and guests from midwestern states to discuss new developments in foot health care.

Solar has practiced in Antioch for over thirty years.

Schwab has been his associate the past year and one-half. Schwab is from Waukegan and maintains an office there as well as in Antioch.

Free milk okayed at Emmons

Emmons Grade School District 33 has announced its policy for free milk for children unable to pay the full price of milk served under the special milk program for the Emmons Grade School.

Local school officials have adopted a family size and income criteria for determining eligibility.

Application forms are being sent to all homes in a letter to parents. Additional copies are available at the principal's office in each school. The information provided on the application is confidential and will be used only for the purpose of determining eligibility. Applications may be submitted at any time during the year.

Under the provisions of the policy, John J. Kakacek will review applications and determine eligibility. If a parent is dissatisfied with the ruling of the official, he or she may wish to discuss the decision with the determining official on an informal basis. If he or she wishes to make a formal appeal, he or she may make a request either orally or in writing to Richard Becker, Emmons School, Antioch, Ill., for a hearing to appeal the decision. The policy contains an outline of the hearing procedure.

Each school and the office of the Emmons Grade School has a copy of the complete policy, which may be reviewed by any interested party.

PAUL HEFFERNAN

Heffernan scores top goal

Western Michigan University soccer player Paul Heffernan scored the winning goal in a thrilling double overtime victory as the Broncos defeated Kalamazoo College, 2-1, Saturday Sept. 26.

The Antioch graduate scored with two minutes gone in the second overtime period on a high pass from teammate Mosen Khani. Heffernan drilled the ball along the ground into the left corner of the net. That was his first goal of the year as WMU has a 4-2-2 record.

Field hockey splits

On Tuesday, Oct. 6, the Antioch varsity field hockey team lost a 2-0 decision to Homewood-Flossmoor.

The Antioch girls were in the game until the very end but failed to capitalize on numerous scoring opportunities.

On Thursday, Oct. 8, Antioch played McHenry and won 2-1. Both goals were scored by Donna Gutowski, assisted by Jill Harland.

The Antioch girls dominated the game until late in the second half, when McHenry scored once on a break away and nearly served many other times.

The next Antioch game is Wednesday, Oct. 14, at Barrington.

Supports Toys For Tots Too

News announces Yule theme contest

It won't be long now and it will be cold and snowing and everyone's thoughts will start to turn toward Christmas.

And once again this year, the thoughts at Lakeland Newspapers have already turned toward Christmas as Lakeland Newspapers announces that once again it will sponsor its Christmas Story Contest and support the U.S. Marine Corps Toys For Tots Campaign.

Entries in the Christmas Theme Contest will be accepted in three age groups. Class I will be children ages five to eight. They will draw a picture on 8 1/2 by 11 inch white paper on the theme "Christmas At My House." Drawings may be done in crayon, marker or pen.

Class II will be for children ages nine to 13. They are asked to submit a theme, 500 words or less on "The Meaning of Christmas."

Class III is for ages 14 to adult and will be a theme,

500 words or less on "What Christmas Means To Me."

First, second and third prizes will be awarded in each category as well as one grand prize. Entries are eligible to win only one prize.

Deadline for entry is Dec. 1, 1981 and entries may be dropped off or mailed to any of the Lakeland Newspapers offices.

All entries must have name, address, town, category entered and phone number on them. Themes and pictures will not be returned and all entries become the property of Lakeland Newspapers which may reproduce entries in the paper.

Decision of the judges is final and entries will be judged on originality, creativity, and neatness of presentation.

Entries to the contest must also be appropriate to the theme. Winners will be notified by mail and winning entries will be published in

Lakeland Newspapers. Entries can be sent to Lakeland Newspapers, Box 268, Grayslake, Ill. 60030.

In addition to the Christmas Theme Contest, Lakeland Newspapers will once again be the leading civilian support organization working with the U.S. Marine Corps, to promote Toys For Tots.

Local merchants and residents are encouraged to donate toys for the needy at any Lakeland Newspapers office.

Lakeland Newspapers and the U.S. Marine Corps are looking for new toys to ensure that every needy child in the county has a toy for Christmas.

Toys are picked up by the Marine Corps at dropoff locations, which include the five Lakeland Newspapers offices, and delivered to agencies for the needy who wrap the toys and deliver them to needy children in time for Christmas.

NEW GOP GOVERNORS — New members to the Lake County Republican Federation Board of Governors were asked at their 1981 annual membership meeting, held recently at Brae Loch Country Club. From left, rear, Al Pedersen, Antioch; Mrs. Robert Miller, Jr. of Grant Twp.; Robert Ratch and Michael Jaroch of Lake Villa Twp.

Holidays on minds of Moose women

The Mooseheart committee, under the chairmanship of Virginia Flood, hosted the Oct. 1, enrollment meeting of the Women of the Moose.

Two new members were enrolled: Mildred Mafa sponsored by Publicity

Chairman Christine Wilcox and Jackie Olisar, sponsored by Chaplain Betty Dahlke. Chairman Virginia introduced seven members of her committee who were present.

The Christmas Mooseheart and

Moosehaven walks were held. Presents from the chapter members will be sent to both cities to be sorted for the young at Mooseheart and the aged at Moosehaven, which are distributed at Christmas time.

The Antioch chapter, as well as all the Women of the Moose throughout the country and Canada, are participating in this annual program.

Senior Regent Terry Smallwood accepted checks from both committees for a donation to be sent to headquarters for the Christmas parties and greeting cards.

For the entertainment, Chairman Virginia held a make-up demonstration after the meeting put on by representatives of the make-up line.
